

# MEET YOUR LEGISLATORS

## 6th Legislative District

**State Senator  
Jeff Holy  
(R)**

Senator Holy's previous experience as a law enforcement officer and an attorney has given him perspective as a legislator. His top priority is economic growth for the Spokane area and sees more jobs as the answer to the poverty seen all too often in the Inland Northwest. Other legislative priorities for Jeff include targeted investments in education and higher education, upholding the state and national constitutions and responsibly balancing the state budget with a small, efficient government. He serves on the Senate Higher Education and Workforce Development (the ranking member), Health and Long Term Care, and Transportation Committees.

**State Representative  
Mike Volz  
(R- position 1)**

Representative Volz is laser-focused on the expansion of the local economy and creating family-wage jobs through innovation and entrepreneurial efforts. His background and previous work history with small businesses, Spokane Transit, the health care industry and the transportation industry have helped shape his passion and drove his desire to seek elected office.

He serves on the Innovation, Community and Economic Development, and Veterans (Ranking Minority Member), Consumer Protection and Business, and Transportation Committees.

**State Representative  
Jenny Graham  
(R - position 2)**

Representative Graham is a former small business owner. She is a veteran, wife, mother, and victims' advocate. She is the survivor of abuse, and her sister was a victim of the Green River Killer.

She began to question why the law was not adequately protecting victims and in 2011 she began working with legislators, prosecutors, law enforcement and other survivors to challenge and then to change the unfair statute of limitations laws. Her efforts culminated in legislation being signed by Gov. Inslee in 2014.

She serves on the Civil Rights and Judiciary, Community Safety, Justice and Reentry, and Health Care and Wellness Committees.
