

# MEET YOUR LEGISLATORS

## 7th Legislative District

**State Senator  
Shelly Short  
(R)**

Senator Short is a voice for individual rights, improved services for rural areas, affordable energy, a sound business climate and entrepreneurship, and the sensible management of natural resources for beneficial use.

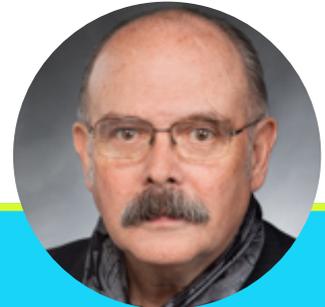

She serves as Republican floor leader and is a member of the Senate committees on Agriculture, Water, Natural Resources and Parks; Environment, Energy and Technology; Local Government, Land Use and Tribal Affairs; and Rules Committees. She also is a member of the Joint Legislative Audit and Review Committee and the Western Legislative Forestry Task Force.

**State Representative  
Jacquelin Maycumber  
(R - position 1)**

Representative Maycumber has a passion for rural economic development. She advocates for common-sense solutions to education funding and state budgeting, making sure all children have equal access to education and successful careers, and for utilizing Washington's abundant natural resources.

She is currently serving her third term as the House Republican Floor Leader where she will guide floor debate and help organize floor amendments to legislation. She serves on the Capital Budget, Health Care and Wellness, and Rules Committees.

**State Representative  
Joel Kretz  
(R - position 2)**

His legislative priorities are private-sector job creation and responsible land management. Northeast Washington has lagged behind other counties with high unemployment rates. He believes the best way to get people back to work is to get the government out of the way of job creators, which will boost individual and family incomes, providing adequate resources for the core functions of government.

He serves as the deputy leader for the House Republican Caucus and serves on the Agriculture and Natural, Resources, and Capital Budget Committee.
